## **Warrior Solutions Leader's eBook featured on palmOne Government Solutions Website**

Boulder, Colorado –Warrior Solutions announced that Warrior Solutions Leader's eBook is featured on the palmOne Government Solutions website

<http://www.palmone.com/us/enterprise/solutions/government/>. Charles M. Stibrany,

LTC, USA Ret., Warrior Solutions Director, “We are very pleased to work with the palmOne

Government Solutions team to provide information about outstanding solutions for mobile

information management. We continue to hear from soldiers serving at home and abroad, such

as from this Platoon Sergeant:”

*‘Since July 03 I have been deployed to Operation Iraqi Freedom. I have been using Warrior Solutions since I got my first Palm and have loved it. It is a great tool for us Platoon Sergeants and Shop Supervisors. Many times I have been in meetings and needed information on my soldiers and have pulled out my Palm and it was at my finger tips, at the amazement of the others in the meetings. I bought a new Tungsten T just a few days ago and was excited to finally have my favorite tool back, having putting off making a hard copy book till I could acquire a new PDA. I love the changes in this new version; they made a useful tool even more useful. Once again you have a great product and I enjoy using it. It has made my life as a Platoon Sergeant much easier and more organized.’*

**About Warrior Solutions:** Warrior Solutions, Inc., is located in Boulder, Colorado, and is dedicated to providing cutting-edge mobile software tools for small unit leaders in the U.S. military. Our tools simplify and streamline training and data collection procedures, thereby freeing military personnel to devote valuable time to mission critical tasks. The company was founded by retired U.S. Army personnel including an Infantry Sergeant Major, a Cavalry
